Tag </p><br>
</center>
</body>
</html>
```

#### **Output:-**

## Exercise 2:- Write a HTML code to display following output.

### Code:-

```
<html>
<body background="2.png"></body>
<pre>
<p>Located in the <del>heart</del> of <i>Rockville</i>,<u>Maryland</u>,<br>
the <b>Grier Summer Camp</b> <del>is an</del> <font color="red">attractive</font><br>
<big>tourist</big> setting aimed at <big>entertaining and supporting</big><br>
youth activities during their <b><i>summer vacation</i></b>.<br>
Our youth programs and <font size="36">activities</font size="36"> are as intense and stimulating<br>
as<br>
E=mc<sup>2</sup> yet as lively as H<sub>2</sub>O.<br>
<font color="green"><b>Coolfront island</b></font>
</p>
</pre>
</style>
</html>
```

## Output:-
